Clinical Pediatrics—Subject Index, 1979

A

- Accidents, bicycle, and children, 61
 ACTH, neuroblastoma and opsomyoclonus, response to, 446
 "Acting-out" behavior, in adolescents, 199
 Adolescent, diplopia and headaches in, 191
 health care, psychologic aspects, 15
Hemophilus influenzae in, 571
 Kidney transplant in, 518
 popliteal cysts in, 758
 premarital intercourse and, 340
 psychologic management of "acting-out" behavior in, 199
 self-poisoning, 147
 Adoption, effects of, on families, 184
 effects of, on Vietnamese children, 178
 pediatrician's role in, 439
 Adoptive families, need for counseling, 184
 Adrenocorticotropic hormone, *see* ACTH
 Alcoholism, child abuse and, 87
 Alpha fetoprotein, 390
 Anemia, sickle cell, related to altitude, 430
 Anorexia nervosa, and conflicted adolescent pre-marital intercourse, 340
 Antenatal diagnosis, 390
 amniocentesis, 454
 fetal distress, 585
 fetal maturation, 532
 Anuria, in childhood, due to bacterial urolithiasis, 501

Appendicitis, neonatal, 621

- Arthritis, meningococcal, acute, isolated, 444
 Aspergillosis, neonatal, 137
 Asthma, review of ICU admissions for, 345
 Audiometry, auditory brain-stem response in children, 746
 mongoloid children and, 116
 Auditory deficits, and middle ear disease, 725

B

- Baker's cysts, *see* popliteal cysts
 Behavior, modification, hyperactivity and, 563
 Blood, mean corpuscular volume, in children with acute lymphoblastic leukemia, 687
 Blood pressure, position of infants, 649
 Bonding materials, in dentistry for children, 378
 Brain, disorders, in diabetic children, 60
 Breast feeding, in a hot climate, 424

C

- Cerebrospinal fluid, rhinorrhea, and recurrent meningitis, 700
 Children, abuse of, and alcoholism, 87
 acute lymphoblastic leukemia in, 687
 acute renal failure, 754
 anuria due to urolithiasis, 501
 bicycle accidents, 61
 audiometry, auditory brain-stem response, 746
 clonidine poisoning in, 123

SUBJECT INDEX

- conceptions of illness and cognitive development, 327
conjunctivitis in, 26
convulsions, febrile, 426
dentistry techniques for, 378
diabetic, associated with neurologic disorders, 60
EEG abnormalities in, 750
diaxoxide in treating severe hypertension, 661
EEG abnormalities in diabetic, 750
encephalomyopathy in, 506
foreign body aspiration in, diagnosis by lung scan, 597
hyperactivity, and behavior modification for, 563
insulin infusion and diabetic ketoacidosis, 540
kidney transplant in, 518
learning impaired, and middle-ear disease, 205
measles, in Africa, 95
migraine in, 353
mongolism, hearing loss in, 116
mongolism, hyperthyroidism, 273
negative middle ear pressure, and language development, 296
prepubertal girls, gonococcal vulvovaginitis in, 491
retinal disinsertion in, 380
as *Salmonella* carriers, 171
with *Salmonella* gastroenteritis, 171
stool retention in, 674
tear duct obstruction in, 487
tongue tie, examining for, 298
tuberculous meningitis in, 75
vascular anomalies, diagnosis by colonoscopy, 299
Vietnamese, effects of adoption on, 178
Cholestyramine, effects of, in treating chronic diarrhea, 630
Circumcision, complications of, 639
Clonidine poisoning, in an infant, 123
Clostridium ramosum, isolated from a child with otitis media, 699
Communications, physician and adolescent, 15
Conjunctivitis, 26
meningococcal, in an infant, 283
Colonoscopy, diagnostic tool for assessing vascular anomalies in children, 299
Convulsions, febrile, effects of sodium valproate in, 426
Counseling for adoptive families, 184
Counterimmunoelctrophoresis, effects of, in the rapid diagnosis of Streptococcal infections, 366
Cytomegalovirus, hepatitis, in a child with neuroblastoma, 267
- D**
- Death, infant (SIDS), 404, 414
Defects, congenital, neonatal myelodysplasia, 463
Dentistry, effects of bonding material in, for children, 378
Dermatitis, atopic, psychologic aspects of, 360
Development, adolescent, psychologic changes, 15
Diagnosis, foreign body aspiration, by lung scan, 497
Diabetes, acute transverse myelopathy, associated with, 60
EEG abnormalities in children with, 750
- Ketoacidosis, insulin infusion, in pediatric patients, 540
Diarrhea, chronic, cholestyramine treatment of, 630
Diazoxide, intravenous, in severe hypertension, 661
Diet, clear liquid, malnutrition, as a result of, 575
Disorders, brain, in diabetic children, 60
Down's syndrome, *see* mongolism
Drug(s), effects of, in tuberculous meningitis, 78
- E**
- Effusion, subdural, 773
complication of meningitis, 304
Electroencephalogram, abnormal readings, in diabetic children, 750
Encephalomyopathy, subacute, necrotic, 506
Endocarditis, due to penicillin resistant *Streptococcus viridans*, 263
- F**
- Fetus, maturation of, antenatal diagnosis, 532
Fluid intake, in a hot climate, 424
Foreign body, aspiration, diagnosed by lung scan, 497
- G**
- Gastroenteritis, caused by *Salmonella*, treatment of, 171
Genetic counseling, 767
Genitourinary injuries, in the neonate, 292
Gonorrhea, penicillin-resistant, 204
Great toe, paronychia of, in infants, 247
Grief, reaction to sudden infant death, 414
Grieving, 767
Growth, infants, related to parental structure, 602
- H**
- Health care, adolescents, 15
future pediatric practice, 9
neonatal transport, 278
neonatology, 1979, 73
perinatal casualties, 213
in Sweden, 213
in USA, 213
Hearing, loss of, in mongoloid children, 116
Heart, complete block of, in the neonate, 248
Hemophilus influenzae, cause of adolescent pneumonia, 571
Hemorrhage, due to thumb sucking, 769
hepatic, in the neonate, 306
Hepatitis, cytomegalovirus, in a child with neuroblastoma, 267
Hygromas, mediastinal cystic, in infants, 168
Hyperactivity, behavior modification and, 563
Hypertension, severe intravenous diazoxide, safety of, in children, 661
Hyperthyroidism, in children with mongolism, 273
Hypotension, infant, associated with clonidine poisoning, 123
Hypothyroxinemia, effects of, in sick and well preterm infants, 554

SUBJECT INDEX

I

- Illness, children's conceptions of, 327
Infant(s), growth standards, related to parental structure, 602
gonococcal infection in, 45
hypertrophic pyloric stenosis in, 120
malnutrition, due to clear liquids, 575
mediastinal cystic hygromas in, 168
meningococcal conjunctivitis in, 233
neuroblastoma in, associated with cytomegalovirus hepatitis, 267
paronychia of the great toe in, 247
position, effects of, on blood pressure, 649
premature, hypothyroxinemia in, 554
pyruvate kinase deficiency in, 756
respiratory distress syndrome, a scoring method to predict, 716
sudden death syndrome (SIDS), 404, 414
trichloro sodium poisoning in, 706
Infection(s), gonococcal, in infants, 45
 in prepubertal girls, 491
 treatment, Public Health Service recommendations, 315
group B streptococcal, diagnosis of, by counterimmunoelctrophoresis, 366
meningococcal, arthritis and, 444
microbial, in placenta, cord, membrane, during labor, 50
mononucleosis, 510
neonatal, 50
 evaluation of lab procedures in, 227
 white blood cell ratio, as an indication of, 481
rubella, tuberculin reactivity suppression during, 101
Salmonella, in a pediatric carrier, 171
Streptococcal, beta hemolytic, 510
urinary tract, asymptomatic, office screening for, 53
Insulin, continuous, low-dose, intravenous, in pediatric diabetic ketoacidosis, 540
Intensive care (ICU), review of asthma admissions to, 345
Intravenous therapy, neonatal, 550
Iron, poisoning, diagnosis by radiography, 614

K

- Kawasaki disease, 295
Ketoacidosis, diabetic, use of insulin infusion in pediatric patients, 540
Kidney, acute failure of, in children, 754
 neonatal, failure in, 286
 non-functioning, effects of ultrasonography in, 177
 transplant, in children and adolescents, 518

L

- Labor, microbial infection during, 50
Laboratory procedures and neonatal infections, 227
Language development, and negative middle ear pressure, 296
Learning disabilities associated with middle ear disease, 205

- Leigh's syndrome, *see* encephalomyopathy
Leukemia, acute lymphoblastic, mean corpuscular volume in children with, 687
 pericarditis as a complication of, 237
Live virus, vaccine, in Reye syndrome, 42
Liver, chronic disease of, 694
Lung, cystic adenomatoid malformation, congenital, 760
Lymphadenitis, ulcerative, 239

M

- Malnutrition, as complication of clear liquid diet, 575
Measles, in Africa, 95
 vaccine failure, 155
Meningitis, *spontaneus cerebrospinal fluid rhinorrhea and*, 700
 subdural effusion associated with, 304
 tuberculous, drug treatment of, 75
Meningomyelocele, *see* myelodysplasia
Middle ear, negative pressure of, and language development, 296
Middle ear disease, and auditory perceptual deficits, 725
 prevalence of, in learning impaired children, 205
Middle ear pressure, 773
Migraine, childhood, 353
Mongolism, hearing loss in children with, 116
 hyperthyroidism in patients with, 273
Mononucleosis, infectious, 510
Myelodysplasia, neonatal, 463
 use of outcome predictors in, 476
Myelopathy, acute transverse, associated with diabetes, 60

N

- Neonate(s), appendicitis, 621
aspergillosis in, 137
genitourinary injuries, 292
hepatic hemorrhage, presenting as an abdominal mass, 306
infection of, evaluation of lab procedures for, 227
I.V. therapy in, 550
myelodysplasia in, 463
poliomyelitis in, 33
renal failure, 286
transport of, 278
white blood cell ratio in, 481
Neonatology, in 1979, 73
Neuroblastoma, infants, with cytomegalovirus hepatitis, 267
NIH Development Conferences, 390, 454, 532, 585
Nutrition, breast feeding in a hot climate, 424

O

- Ophthalmology, pediatric, tear duct obstruction, 487
Opsomyoclonus, neuroblastoma associated with, 446

SUBJECT INDEX

Otitis media, *Clostridium ramosum*, isolated from a child with, 699
Outcome predictors, use of, in myelodysplasia, 476

P

Parents, reaction to neonatal myelodysplasia, 463
Paronychia of the great toe, 247
Pediatrician, adoption and, 439
Pediatrics, future practice of, 9
Pemoline, accidental ingestion of, 761
Penicillin-resistant gonorrhea, 204
Pericarditis, as a complication of leukemia, 237
Perinatology, casualties in, 213
Physical examination, effect of position on infant blood pressure, 649
Physician, attitudes, toward adolescent health care; 15
Placenta, microbial infection of, during labor, 50
Pneumonia, adolescent, caused by *Hemophilus influenzae*, 571
Poisoning, adolescent, 147
 clonidine, 123
 iron, 614
 triclofos sodium, in a preterm infant, 706
 update, 144
Poliomyelitis, in mothers, 33
 neonatal, 33
Poliovirus, fetal, 33
Popliteal cysts, adolescent, 758
Practice, office screening for asymptomatic UTI, 53
Psychologic aspects of atopic dermatitis, 360
Psychology, adolescent health care, 15
Pyelography, renal failure secondary to, 754
Pyruvate kinase deficiency, multiple exchange transfusions in newborns with, 756

R

Radiographs, use of, in assessing stool retention, 674
 diagnostic tool in assessing iron poisoning, 614
Research, collaborative, between department of pediatrics and its clinical faculty, 623
Respiratory distress syndrome, in infants, a scoring method to predict, 716
Retina, detachment of, in children, 380
Reye syndrome, 42
Robinow Syndrome, 707
Rocky Mountain Spotted Fever, 634

S

Scan, lung, foreign body aspiration diagnosed by, 497
Sexual intercourse, premarital, in adolescence, 340
Shwachman-Diamond Syndrome, 694
Sickle cell anemia, and altitude, 430

SIDS, grief reactions to, 414
 risk factors, 404
Sodium valproate, febrile convulsions, effects of, in treating, 426
Sonography, 390
Stenosis, hypertrophic pyloric, infantile, 120
Stool, retention of, in school-aged children, 674
Streptococcus, beta hemolytic, 511
 isolated from child with otitis media, 699
Streptococcus viridans, penicillin-resistant, as a cause of endocarditis, 263
Sudden infant death syndrome, *see* SIDS

T

Tear duct, obstruction of, in children, 487
Thelarche, premature, 639
Therapy, antimicrobial, in the *Salmonella* carrier, 171
Thumb sucking, causing hemorrhages, 769
Thyroxine, lack of, in sick and well preterm infants, 554
Tick bites, 239
Tongue tie, examining for, in pediatric patients, 298
Transfusions, effects of, in neonatal pyruvate kinase deficiency, 756
Transplant, renal, in children and adolescents, 518
Tuberculin, positive reaction to, 101
Tularemia, tick-borne, presenting as ulcerative lymphadenitis, 239
Tumor, neuroblastoma, and opsomyoclonus, 446
Twin transfusion syndrome, 111

U

Ultrasonography, renal, 177
Umbilical cord, microbial infection of, during labor, 50
Urolithiasis, bacterial, anuria due to, 501

V

Vaccine failure, 155
Vaccination, live virus, effects of, in Reye syndrome, 42
Vascular anomalies, pediatric, colonoscopic diagnosis of, 299
Vein(s), portal, congenital obstruction of, as a cause of extrahepatic hypertension, 619
Vietnamese children, effects of adoption, 178
Vulvovaginitis, gonococcal, in infants, 45
Vulvovaginitis, gonococcal, in prepubertal girls, 491

W

White blood cell, ratio, indicator of neonatal infection, 481
